MY PROFILE

Experienced Video Editor and Motion Designer with a strong background in crafting powerful visuals through motion graphics, 2D animation, video editing, and dynamic typography. Skilled in using tools like Adobe After Effects, Premiere Pro, Illustrator, and Photoshop to create engaging content across digital platforms. Passionate about helping clients shape their brand identity through compelling design, and highly collaborative with creative teams to achieve project goals with precision and impact.

WORK EXPERIENCE

Motion Graphics Designer/ Video Editor   2024- 2025

Mansa Musa Wealth Strategy Group (UAE)

Working as a visual artist specializing in motion graphics, 2D explainer videos, and video editing. Creating engaging visual content for brands and clients across various digital platforms.

Video Editor   2024 - 2025

Wasabi Technologies

I played a key role in the editing of a high-impact webinar for Wasabi Technologies, focusing on their cloud storage solutions. My responsibilities included editing video footage, enhancing audio quality.

2D Animator/Motion Designer   2021- 2023

Blockchain 420

Working as a digital artist developing NFTs and 2D explainer videos to communicate business ideas effectively. Skilled in typography, graphic design, and cross-platform visuals, delivering optimized and client-focused presentations.

Video Editor/SMM   2018 - 2021

Buff 'N' Stuff

Deployed successful marketing campaigns from concept to execution, ensuring cohesive brand messaging. Handled shooting and post-production for each project to deliver high-quality visual content.
